

“Caring For The Arthritic Patient In The Home”

August 8, 2007

2:00 p.m. - 4:00 p.m. Central Time

FACULTY

Sandi Falkenhagen

VP/Health Promotion
Alabama Chapter
Arthritis Foundation

OBJECTIVES

Learning Objectives: At the conclusion of this period of instruction, the participants will be able to:

- ◆ Identify the warning signs associated with an acute exacerbation of arthritis.
- ◆ State the three common forms of arthritis.
- ◆ Describe three forms of self-management for the arthritic patient.
- ◆ Explain the type of exercises arthritic patients can perform to help maintain mobility.
- ◆ Identify three different barriers to ADLs for arthritic patients.
